

Quad Environmental Services, Inc.

January 13, 2006

To: Whom it may concern

Subject: Henek Manufacturing, Inc.

Quad Environmental Services, Inc. has been working with Henek for about 3 years. They are very reliable, competent and excellent at problem solving. Henek has been instrumental in providing technical support that led to developing and manufacturing some new filters that solved some major problems for some of Quad's customers.

Terri, Brian and their people manufacture quality products and provide consistent services that can be relied on day in and day out.

Sincerely,

Chuck Goodner
President
